

PLACEMENT OF PATCHES ON DO-BAK (UNIFORM)

Only the Do-Jang (School) Patch goes on the Left Chest (over the heart).

Only the American or Korean/American Flags go on the Left Sleeve (closest to heart).

Rank Patches: Instructor, Assistant Instructor, Black Belt Club, 1st, 2nd or 3rd Dan, Junior Leader, etc., go on the Right Upper Chest (just under shoulder).

Rank Stars go on the Left Lapel, in color order - White, Yellow, Green, etc. Be sure to sew the points down (they are sharp).

All other patches go on the Right Sleeve (as shown). Try to place them edge to edge to allow for more patches later on.

Round Demo Team (or other rounded) patch should go at the top of the Right Sleeve, as close to the shoulder as possible

All patches should be sewn, even if they are iron-on, that way you can remove and sew onto new uniforms when needed.

Any questions, ask Master Ro.

(Please pardon the crude rendition of the Do-Bak)
